Great need is felt for the services of a cycle orderly in this office at the time of each session of the Representative Assembly or of the Legislative Council. Matter to be printed has to be taken to the Printing office frequently and urgently, proofs will have to be brought, and a large number of letters or circulars will have to be delivered to the members of the R.A. or of the L.C. quickly.

There are only two menials in the office and they will have full work. When the work is very urgent and there is no time to lose the experience has been that orderlies from Other offices have to be borrowed and this does not amount to satisfactory work.

Sanction is therefore solicited for the purchase of a good and durable cycle for this office at a cost of, say, Rs. 150/-, and one of the peons in the office may be asked to do the orderly work. The cycle should however be kept in the office and except on office work it should not be taken out, and after the work is over it should be housed in the office.

A draft G.O. is put up for kind consideration. As the purchase is not of a routine nature the Financial Secty. may also be consulted.

Reg. No. 6843.

The arrangement of entrusting the bicycle duties to one of the two existing peons may not work well especially during the sessions of the L.C and R.A: as the bicycle peon will be, for the most part, on delivery duty and the work in the office will be too much for one peon. There will also be additional trouble if that peon for any reason, absents himself. It is therefore a matter for consideration whether an addl peon may not be appointed. The reporters themselves will require the services of one man for their work. One of these three peons may then be asked to do bicycle duties.

1 bicycle at a cost of Rs 120 may be purchased at present.
This ~~small~~ cost may be met out of R A allotment.
As for the services of extra peon I shall try to manage with the existing peons. If not possible I shall make a separate reference.
